

Identification

Taric code: 3822 00 00

Synonyms

Iodine-potassium iodide solution

Applications

analytical chemistry, laboratory reagent, for microbiology, bacterium staining.

Specifications

suitability for microscopy..... passes test

Physical data

- Density: 1,01 g/cm³
- Solub. in water: (20 °C): miscible
- Boiling point: 100 °C
- pH(20 °C) 4,0 - 4,5
