

**Identification**

CAS [63148-62-9]  
Taric code: 3910 00 00

**Applications**

in the pharmaceuticals industry, cosmetics.

**Specifications**

suitable for distillation of organic products

temperature range..... -50 to 190 °C

**Physical data**

• Density: 1,01 g/cm<sup>3</sup>

**Transport/storage**

• 10°C - 30°C
